Dear Ms. Salas:

I am contacting you on behalf of my constituent, Carl Hustedde.

Mr. Hustedde is concerned about low power radio stations. I am enclosing his correspondence for your review. Please address your response to him directly.

Thank you for your attention to this matter. Please do not hesitate to contact me with any questions or comments.

Very truly yours,

Peter G. Fitzgerald  
United States Senator

APR 27 1999

Dear Senator Fitzgerald

The FCC has issued a Notice of Proposed rulemaking (mass media Docket No. 99-25, RM-9208, RM-9242) that will allow low power radio broadcast for neighborhood and community service. This rulemaking is being fought hard by the NAB, major broadcasters, and Rep Bill Tauzin of LA so that the media giants ONLY can have control and manipulate the airwaves for profit only and to suppress the freedoms of ordinary groups and citizens to communicate freely to one another.

On behalf of the citizens of Harrisburg, Illinois we are asking you to please actively support these rulings and ask the FCC to include the very low power neighborhood stations (1-10 watts) in their final ruling. In addition, please oppose those in Congress who would try to block the FCC from considering these rulings and urge Rep. Tauzin to reconsider his request for delay as we have "earned our day in court" at the FCC.

Ideally we hope you will send the FCC a letter. By placing the numbers Dockets 99-25, RM-9208, and RM-9242 at the top of the page and include 10 photocopies of your letter, your words will become part of the official FCC record.

Additional support from your colleagues in Congress would be greatly appreciated to help support our neighborhoods, schools, religious groups, and citizens.

**The full text of these Dockets are available at the FCC website !!!!**

Thank you in advance for your much needed support for neighborhood broadcasting.

Sincerely Yours,

Carl Hustedde
